Dear Parent/Carer,

Your child has been invited to attend Y6 maths pre-teach sessions on Mondays and Wednesdays throughout terms 3 and 4. The pre-teach sessions will commence week commencing Monday 9 January 2023, with the last session taking place on Wednesday 29 March 2023.

The sessions have been designed to support your child to access the Year 6 mathematics curriculum whilst building confidence and understanding, in a smaller group setting. In addition, the sessions will provide your child with a head start to the maths learning that is taking place during the week by ensuring they are practising fundamental skills and given extra opportunities to grasp mathematical concepts. Similar pre-teach sessions have been delivered in previous years and have been proven to support child's learning outcomes, whilst also preparing them for the next stage of their academic journey to KS3.

Sessions will run on Mondays and Wednesdays at 8am. Children will be greeted by a member of the Year 6 teaching team and will enter the school site through the main office. Sessions will be delivered by either Mr Pitt or Miss Jones.

We kindly request that you complete the Microsoft form (link attached) to provide us with your permission.
